

Date: _____

Dear Editor,

We are submitting a manuscript entitled `Article Title` for evaluation to the `Journal of Mind and Medical Sciences`. **A short sentence explaining why the article is suitable for this journal.**

This manuscript does not contain texts from previously published materials (is not the subject of plagiarism) and it is not offered simultaneously for consideration/ publication entirely or in part elsewhere, regardless language. The manuscript is in accordance with Uniform Requirements for Manuscripts Submitted to Biomedical Journals (ICMJE), and the paper has been conducted according to internationally accepted ethical standards (COPE). All authors understood that full responsibility for presented data in the article belongs to authors, who are responsible for any conflict of interest (related to subjects included in their study, financial, consulting, institutional and other legal aspects). All authors have read and approved the final version of the paper.

The authors are advised that the article will be subject to a peer review process, and publication will only be possible if the reviewers recommend it.

Yours sincerely,

Name and signature of the corresponding author:

Institution and institutional address:
